But it could be far fewer; we are not an inevitable consequence of evolution so much as a happy accident of it. University of Texas Press.

It may enjoy the glories of triumph for a hundred, fifty, twenty, or ten years. In this scheme each pair of configurations is either shown to be non-interacting or to fall into one of nine cases, each of which is characterized fully once certain orbital permutations are determined. It must have seemed positively diabolical, then, to the brutal Portuguese overlords whose slaves imported it from Africa, and whom they believed had been converted. Only an idiot could believe that scientific truth needs martyrdom; that may be necessary in religion, but scientific results prove themselves in due time. Something must be holding us all in place—some Supreme Force. Harvest House Publishers.
