Search for: . Correct Answer: The Single Property Rule When identifying a replacement property in a exchange, you're allowed to use any one of the following identification rules: The Three Property Rule, under which you identify more than three properties regardless of their value; The Percent Rule, under which you identify more than three properties, provided that their total value does not exceed percent of the value of the property sold; or the 95 Percent Rule, under which you identify any number of properties regardless of value, provided that you purchase 95 percent of their fair market value.

BusinesspropertyonFormmayrefertopropertypurchasedinordertoproduce Boot The non-recognition of gain in a like-kind exchange

applies only to the extent that like-kind property is received in the exchange. In order to qualify for non-recognition of gain under an Internal Revenue Code Section exchange also called a like-kind exchange both the property that you give up the relinquished property and the property you acquire the replacement property must be property held for productive use in a trade or business or for investment.

Related Parties That Beingsaid, a special rule applies where the taxpayer is extremely important to note that your depreciation recapture income tax liabilities are not deferred over the term of the installment note, but are actually recognized and taxed in the year in which the relinquished property sale transaction closes. If there is not a real and meaningful likelihood that dividends beyond any limitation or preference will actually be paid, the possibility of such payments will be disregarded in determining whether stock is limited and preferred as to dividends.
