But what some people do not know is that some of the fanciful stories we tell our children have origins, or at least mirrored stories, in real, medieval European history. This theme, manifested in almost every classic tale, aptly represents the core of a genre that treats the fantastic and the real as existing on the same plane of human experience. When the prince drew near the hedge of thorns, it was changed into a hedge of beautiful large flowers, which parted and bent aside to let him pass, and then closed behind him in a thick hedge.
