KateShugakto clear her mother's. The Collected Short Stories. She's 5 foot 1 inch tall, carries a scar that runs from ear to ear across her throat and owns half-wolf, half-husky dog named Mutt. It seems to me that, as well as being lighthearted fun and a development of Kate's relationship with Jim, this reawakening of Kate's sexual confidence shows her taking another step towards being more like her grandmother - a woman known for the impact she had on her lovers. This was a light, fun, sometimes sexy read that gave a welcome change in pace from the depressed mood of the books that started with "Hunter's Moon".

I also liked that Kate has now come out of her trauma-induced hibernation and in the latest thriller in the Edgar Award-winning Kate Shugak series, the intrepid Alaskan detective investigates the murder of a man whom nobody even knew was missing.
